Booze Scandal Has New Angle
When Warrants Are Drawn
for Former Census Director
Mannix and Three Others

Investigation of the liquor scandal in San Francisco came to a climax today when orders from Washington came from office Mrs. Gladys K. Warburton, federal prohibition agent, and warrants were issued for the arrest of former Census Supervisor Francis J. Mannix and three former dealers in liquor.

Mrs. Warburton has been the storm center of accusations, counter charges and friction of various types since taking the helm at prohibition headquarters immediately following the death of former Director Lorin Handley. Her removal was ordered by United States Attorney Frank M. Silva and her office turned over to Supervising Prohibition Officer John L. Constance, following telegraphic instructions from Washington.

At practically the same time Assistant United States Attorney Ben F. Chase announced that warrants had been issued for Mannix, J. Polano Jr. and C. Vannucci, proprietors of local resorts; and Robert Jefferies, a liquor salesman.

WOMAN'S TENURE OF
OFFICE IS TWO WEEKS

The removal of Mrs. Warburton comes at the close of two stormy weeks during which she presided as the only woman prohibition director in the United States.

No sooner had she taken office than these charges were bandied about.

That records had been found missing from the prohibition enforcement office.

That liquor had been removed illegally from bonded warehouses.

That unknown parties had attempted to shadow Mrs. Warburton.

Mrs. Warburton's removal was presaged yesterday in a report that a federal official had requested Prohibition Director Kramer at Washington to direct Mrs. Warburton immediately to file a report of all the transactions in her office.

WHISKY PERMITS
LEAD TO INVESTIGATION.

The political storm which had its vortex in Mrs. Warburton's office, had its inception when it was disclosed, through explanations made by federal officers that large amounts of whisky were being obtained illegally through forged permits obtained from her office, and involved many prominent Democrats.

United States Attorney Silva's announcement yesterday that his office was close on the trail of the ring-leaders in the alleged whisky deal, was followed by a statement from Mrs. Warburton to the effect that certain documents bearing upon the whisky withdrawal, apparently were missing from her office, and that certain withdrawals of whisky made illegally from bonded warehouses were not accounted for.

The first centering around Mrs. Warburton's office is only one phase in a semi-political upheaval in San Francisco that has been going on since the census office concerned in the administration of the prohibition law.

Mrs. Warburton confirmed her removal from office and expressed regret that the sudden change was being made, but that her duties had meant "only work and worry," she said.

This is really not a removal from office. As assistant to acting director, she was only a matter of expediency in the first place. I was simply asked to act as a director until a permanent director could be found.

FORMER CENSUS CHIEF
INVOLVED IN SCANDAL

The federal complaints for Mannix and others were sworn out yesterday afternoon. It was said that the ball in this case after the service of the warrant will be placed approximately \$200,000.

Mannix and his alleged associates find themselves in their present predicament as the result of a complaint made yesterday to District Attorney Matthew Brady and the fact that Mannix had issued fictitious checks totalling \$7300 while acting as an alleged agent between Poppiano and Jefferies, Hansen and McGraw for the removal of a quantity of whisky from a bonded warehouse. According to federal authorities the issuance of warrants against Mannix and the other men is based on an unexpected development in the so-called booze ring scandal.

Mannix asserts he merely had acted as an attorney in the alleged transaction, and that the money was given to him by the district attorney, who disappeared from sight and that he then issued the checks. A warrant for the arrest of Mannix on a charge of issuing fictitious checks was held up by the district attorney, who had promised Mannix that he would make good the amount.

Mannix and the two complainants in the case conferred at Mannix's home last night, the conference being overheard by two secret service men who were concealed in a closet. It is believed that what transpired at the conference led to the issuance today of the federal complaint.

"Confession" Is Just Plain Lie, Says Rodriguez

Daughter of Oil
Magnate Saves
Two In Accident

Weird Denton Murder Tale of Girl Recently Robbed by Two
Los Angeles Man Goes
Up in Smoke.

Life in Oakland for Miss Grace Seldoni, attractive daughter of an Oklahoma oil man and visitor in this city, is one thrilling adventure after another. In the brief span of the stay of the pretty girl here she has been a victim of a hold-up man on the Moraga road, has been called to the police station to identify a suspect, and has figured as the heroine of an exciting automobile accident.

When a taxicab in which were seated Miss Seldoni, her mother, and her young brother Anthony, started backing down the grade to the south of Providence hospital, there was a car on the other. Those who saw the plight of the three and noted the increasing speed of the coasting car, waited for the crash and expected a serious accident.

BRAKES ON TAXI
FAIL TO WORK

Jumping out of the rear seat onto the running board and into the front seat, Miss Seldoni sought to apply the brakes and bring the car to a stop. She found the brakes would not work and, with quick presence of mind, called to her mother and brother to jump. The three leaped to safety but a second ahead of the crash when the heavy taxicab ran over the curb and into a tree. Had they kept their seats they could not have escaped injury.

Miss Seldoni, who lives at the Peralta apartments, was riding on the Moraga road with another brother, George, on the night of September 28 when two men stepped into the road and halted the car. "What do you want?" asked the girl.

"First give me that pin," was the reply of the younger of the bagdies, while the other made the three hold up their hands. When a diamond ring and wrist watch were taken from the girl she spoke her mind. "You are no gentleman," said Miss Seldoni. "If you were you would not speak so harshly and you would not take that ring, which is a present from my mother."

The girl reported her loss to the police and the next she heard of the affair was when James C. Rodriguez and Edward Gordon were arrested and charged with being the bandits. Following an identification by Miss Seldoni, the two confessed.

"Some people," says Miss Seldoni, "ask me if I do not miss the excitement of the wild western life of Oklahoma. I cannot say that I do."

Yesterday afternoon Rodriguez, following his arrest for kidnapping, "confessed" the Denton murder, implicating five persons who have already been questioned, and whose names have appeared in the newspapers.

In repudiating the confession today to a TRIBUNE representative Rodriguez said:

"I made a confession to stop the police from questioning me," he said. "The police bothered the life out of me with their questions about the Denton murder, so I decided to tell them that tale. Of course was untrue."

STATE PROBE OF HOSPITAL CHARGES ON

Oakland Emergency Institution
Attache Resigns After
Quiz of Woman's Statement
Ordered by Superintendent

Story Told by Mrs. Hayden Is
Doubted by Officials, Who
Believe Her Mental State
Influenced the Allegations

Frank Newman, attache of the Oakland Emergency Hospital, has offered his resignation to Chief Surgeon D. D. Hamilton, it was revealed today following the receipt of dispatches from the State Hospital at Napa, disclosing an investigation by the State Lunacy Board of charges brought against him by Mrs. Urban Elaine Hayden.

Newman declared that his resignation was due to the unpleasantness caused by the situation, and was not the result of pressure brought to bear on account of Mrs. Hayden's accusations.

Doctors from Napa declare that Superintendent A. N. Howarth took the matter before the state body after a probe had been conducted.

CASE IS PLACED
UNDER OBSERVATION

The woman, whose commitment to the hospital was made from Oakland by Judge J. A. Truitt last June, after charges that she was mentally unbalanced, had been brought by her mother, made accusations against Newman shortly after confinement at the institution began.

She is said by Holsholtz to have maintained, under cross-examination, her story of what is alleged to have happened while she was held in the Oakland emergency hospital awaiting disposal of her case.

Superintendent Holsholtz refused to admit that official credence had been placed in her story, declaring that his action in carrying the matter to the lunacy board was merely for placing it under observation.

Of course, none of us is infallible," he said, "but I am under the impression that Mrs. Hayden is a victim of a common type of hysterical dementia. Her story seemed logical enough at first, but, after I conducted a thorough investigation, at its termination I was convinced that the woman was a pathological liar."

CHARGES BASELESS,
NEWMAN ASSURES

In making his resignation Newman declared that he had no personal knowledge of the charges, but that he had many types of insanity. Mrs. Hayden's condition is not unusual for one who is mentally unbalanced. Her charges are not worthy of serious consideration.

In view of the unpleasantness of the situation, however, and in order to clear my good name, which strangely has seemed to have become besmirched through the ravings of this maniac, they are holding under guard in an insane asylum. I asked that an investigation be put under way to save embarrassment among the medical staff, and to prevent the hospital from being disgraced.

Dr. F. W. Hatch, general superintendent of State Hospital, for the Lunacy Board, declared today that he believed the charges were unfounded, and that the woman was suffering from a severe form of paranoia. He concluded, however, with the former's theory that the story she told was the result of her mental condition.

INQUIRY ORDERED
BY SUPERINTENDENT

"I made a number of careful examinations," he declared, "and her story, I believe, is the result of hallucinations, which are characteristic of this particular type of psychosis."

Although the woman has been confined in the hospital for practically three months, her story has failed to vary materially, it is said.

Revenue Cutter Bear to Be Sold to Highest Bidder

The old revenue cutter Bear's
days are about over.

After twenty years in government service the old vessel is to be towed here from St. Lawrence Island in the Bering Sea and sold by the government to the highest bidder for whatever she will bring.

The old vessel has become disabled and her boilers are entirely out of commission. The revenue cutter Algonquin is reported on her way from Unalaska to tow the disabled cutter home.

The greater part of the old cutter's service was spent in Alaska waters, where it has a long record of life saving and vessel salvaging to its credit.

The Bear was built in Greenock, Scotland, and was then under the British flag. Shortly afterward it was purchased by the United States government and was brought here in the latter seventies and has been in Pacific waters ever since. She is 1700 tons register and carries a crew of 61 men.

Mystery Signals and Lights
Give Clue to Men of the
Pharmacy Board.

An attic room, trap doors in ceiling, cryptic signals rapped on windows, the fumes of opium, staccato protestations by frightened Celestials and all the other paraphernalia and circumstances of old Chinatown disturbances marked a raid of inspectors for the state board of pharmacy at 218 and 224 Harrison street, at 10:30 o'clock last night.

Wong Dock, Low Ching and Bok Chee are under arrest. Wong is alleged to be the "boss" who conducted the Chinese opium and Bok are reported as visitors.

SEEN BY HADENES

Inspector Dickinson and Riley, and Assistant Blackwell went to the house at 218 Harrison street with a search warrant. To the light of flickering gas lamps and flashing pocket knives, two men and a woman were about to give up when, through a window on a narrow courtyard, a Chinese in the adjoining house seemed to rap a signal to someone on below.

Dickinson and Riley threw up the window and in from the alleyway waited fumes of opium and a man in a white robe, who had been in the adjoining house a dim form in the ceiling of the room and dropped out of the window.

Two of the inspectors made a perilous climb across the alleyway from window to window while a third rushed to the street door. They seized two of the Chinese in a lower room, obtaining a ladder climbed into the cubicle above to find search pellets and the trappings of an opium den of old time.

THE CHINESE ARE DISCOVERED

Search revealed two hot tips of opium, a tin box full of cooked opium pills, yen, two pipes and three bowls. The Chinese are arrested and a third Chinese, far gone in the delights of the poppy, was dragged from a locked room and all taken to jail.

Earlier in the day Inspector Dickinson, watching at Eighth and Harrison, caught Lin Soon making a street sale of a bundle of drugs. The Chinese were arrested and three days from San Francisco. A search of Lin's room at 375 Eighth street failed to disclose any narcotic, however.

Europe Is Almost At Peace;

LEASD WIRE TO TRIBUNE

LONDON, Oct. 8.—Great Britain has threatened to take "certain action" against soviet Russia if steps are not taken by October 10 for the release of British prisoners held by Bolsheviks, says the Herald, organ of labor, which this morning prints what purports to be the text of notes exchanged by British and soviet governments.

Leonard Grassini, head of the Russian Bolshevik mission here, has replied on behalf of the Bolshevik regime that it will promise to fulfill the conditions required by Great Britain when the latter carries out her part of the bargain made last July for the mutual exchange of all prisoners, and cessation of all hostile action.

CONTACT OF ARMIES
BROKEN AT LAST.

LONDON, Oct. 8.—Europe was almost at peace today. Despatches from Warsaw said Polish-Russian warfare had ended and contact of the armies had been broken along the entire front.

The Warsaw communique said hostilities along the Lithuanian front had ceased in conformity with the suggestions of representatives of the league of nations.

Finland and Russia were planning to sign a peace treaty next week on terms agreed upon October 1.

The Lithuanian front was still continued in Southern Russia where General Baron Wrangel's forces operated with other anti-Bolshevik troops against the soviets.

According to despatches from Riga, the soviets agreed to Poland's claim on the Lithuanian city of Vilna. Other territory in that region was undecided.

The Daily Chronicle printed an interview with Premier Lesaynes of France saying Poland had been asked to show moderation in her demands on Russia. Lesaynes said he acted on the advice of Great Britain.

PRISONERS FOUND IN
COMMUNIST HANDBS.

WASHINGTON, Oct. 8.—A report of friction among elements of the communist party in Russia was admitted by M. Zinoviev, member of the Central Executive committee of the party, at the All-Russian conference of the body held at Petrograd, according to despatches today received by the State Department.

Poverty, lack of food and the gloomy military situation were given by Zinoviev as the chief causes of dissatisfaction.

According to the representatives, Zinoviev was alarmed by the growing tendency toward bureaucracy among the soviets.

His despatches to the department today and report from drivers saw indicated serious disturbances of an anti-Bolshevik character in the Ukraine. The army of General Petlenko, which crossed the frontier about November 21, and was recently reported to be near Winzura, has pushed on into the interior.

President Directs Nation Observe of Armistice Day

(By Associated Press)

WASHINGTON, Oct. 8.—President Wilson today directed that on Sunday, November 14, the American flag be displayed at all main on all public buildings and naval and military posts "as a token of the nation's participation in the memorial services held for the heroic American soldiers, sailors, marines and others who gave their lives to their country in the world war." In connection with the order, the President authorized this statement:

"There has been transmitted to me a suggestion that I name Sunday, November 14, as Armistice Sunday, in order that the religious services held throughout the country on that day may be given an especial note of remembrance for the heroic services and of those who died for America in the world war."

"The selection of a formal day which shall annually be set aside to commemorate participation in the world war will some day doubtless be effected through legislation and already Memorial Day, rich in heroic memories, has acquired additional significance as being appropriate also to the commemoration of the heroes of the world war. I am, however, so heartily in favor of the suggestion that I have been made that I take this occasion to express publicly my approval of the idea."

HOSTESS DENIES APARTMENT WAS SCENE OF REVELRY

Denying that a party held this week in her suite at the Vesta apartments, 322 Fourteenth street, was in any way disorderly, that a game of "strip poker" was played, or that stories told by police officers who looked in the windows are in any way true, Mrs. Marie Hester today characterized all of the charges as representing an effort of her landlord, Fred Bryan, to force her to move.

That she loaned Mrs. Bryan a sum of money and has been taking it out in rent and has in that way paid for the apartment until early in next year, is another claim of the young woman, who will fight for her claim to the apartment, and she says, the vindication of her name.

A citation asking Mrs. Hester to show cause why she should not be arrested for disturbing the peace has been issued by Prosecuting Attorney William J. Hennessy on complaint of Bryan, who says that he has taken this measure as a last resort to have the apartment vacated.

The party took place Tuesday night and the police responded to a call from Bryan, who says that it was turned into a wild revel in which wine flowed and strip-poker was played. Inspectors Tom Gallagher and Tom Woods were sent to the house and evidence of what they say they saw through the window will be used if the case comes to trial.

Guests at the party, according to the story given by Mrs. Hester, were Miss Margaret Holmes, former roommate and friend, Anna Garcia, Ida Ildell, Clarence Piper, Robert Allen, George Roberts and Harry Kikka. The men's names, Mrs. Hester admits, are fictitious.

The man who gave his name as Kikka is said by the police to have left a part of his clothing behind when the door was forced by the officers.

In her denial of the story, Mrs. Hester says that it is her intention to stay in the house until her term of rent expires and that she defied anyone to show that the party was not proper. It was only 11 o'clock, she says, when the police came and the shades were up because there was nothing going on of which any of the guests need be ashamed.

GRAPE MUNCHER WINS FREEDOM; TO CHANGE DIET

Grapes, unfermented, drew Nick Pavlopous into the toils on a larceny charge but failed to hold him when Police Judge Ralph V. Richmond found him not guilty in court today.

It seems Nick was standing munching grapes near the Sixteenth street station, one recent evening when a "cop" came up and laid restraining hands upon his arm. Nick's two companions, who, though strangers, were playing host at the grape munching party, had taken precipitate flight.

"It was the most natural thing for my client to have accepted the strangers' invitation to eat grapes with them," said Nick's counsel. "Even the opposing counsel, the esteemed Mr. Hennessy, would have done the same thing, no doubt."

"Not at Sixteenth street station at 9 o'clock at night," said Hennessy.

"Perhaps, then," replied Nick's counsel, "Mr. Hennessy has no appetite for the grape save when it is fermented."

There was a roar from the courtroom and loud raps for order. "Not guilty," said the judge. Whereupon Nick left joyfully vowing abstinence from grapes for evermore.

Mrs. Baldwin Silent on Poisoning Inquiry

BY INTERNATIONAL NEWS SERVICE.
LEASD WIRE TO TRIBUNE.

LOS ANGELES, Oct. 8.—Anita Baldwin, daughter of the late E. J. "Lucky" Baldwin, who was reported to have had a close escape at the hands of what were suspected to have been Japanese plotters, declined today to discuss the matter. A request made to her secretary for information as to probable action in running down the plotters met with this response: "I know absolutely nothing about the case."

According to a published story of the supposed insidious attack against Mrs. Baldwin's life, she became ill after dining recently on bamboo splinters, carefully concealed in coverings of gut, were reported to have been found in her food.

Mrs. Baldwin was said to have ejected her Japanese land tenants some time ago and this was given as the basis for a possible motive for revenge by Orientals.

Expectation of sensational developments in the police court trial of Attorney John L. McVey, accused by Attorney T. L. Christiansen of battery, blew up with a loud bang, today. The case came to an abrupt end with most of the testimony stipulated and judgment suspended by Judge Ralph V. Richmond.

The case grew out of a brief fist fight between the opposing attorneys during a recent justice of peace trial in Judge Herbert D. Wise's court.

Two Russians Held As Dangerous Reds

CHICAGO, Oct. 8.—Two men, declared by the police to be two of the most dangerous adherents of anarchy known in the country, have been arrested by department of justice officials. The two have been hunted by the government for months, it was said.

The men, as characterized by the officials, are:

John Nicolai Jazinski, chief propagandist of the Russian federation now controlling the Communist party of America.
John Holceny, leader of the Union of Russian Workers, whose announced program is the destruction by force of the present government and the immediate execution of all officials and members of the more wealthy classes.

ABY DEATHS LOWEST EVER U. S. RECORDED

WASHINGTON, Oct. 8.—The infant mortality rate for 1919 was the lowest ever recorded, the United States census bureau reported today. Out of every 1000 babies born, 87 died before reaching the age of one year.

Birth, however, fell off 7 per cent during the year, the bureau reported.

The bureau's figures are based on statistics gathered from 22 areas, comprising the "birth registration area." These sections contain 87 per cent of the coun-

try's population and the averages they show are looked upon as representative of the whole population.

The total number of live births was 1,365,586, while the total number of deaths of infants under one year of age for the selected area was 791,732, an excess of 72.5 per cent, or 573,852 births over deaths.

Of the states reporting, Oregon and Washington showed the smallest infant death rate—68 in 1000. South Carolina showed the largest, 113 in 1000.

Every state showed a decrease in the birth rate ranging from less than one per cent in Maryland to 10 per cent in Utah and Wisconsin.

The Greatest Buying - Power Event In Our History
Starts Tomorrow In Our Bay City Stores

A Sale of Women's High-Grade Suits at far below wholesale worth

Including even exclusive "Model" Garments

\$49 \$59 \$79

Buying-Power did it! Ready resources and the wide distributing facilities of our stores, enabled us to secure this vast purchase and gain a wonderful price concession for you. Every suit is in the sale at far below original wholesale cost. All are the highest qualities—Roos standard garments of the noted *Forstmann & Huffman* and *Reed* fabrics; tailored by the best-known makers; linings are exquisite silks; embroideries and trims display the highest type of art needlework; and Furs, when used, are the most popular of the better qualities.

Individual "Model" Suits and Many Expensive One-of-a-Kind Styles Are Included

—and these suits are the ultra-smart creations, of the richest fabrics (see lists below), styled in the supremely distinctive manner of the individual mode. Remember, the highest price in our sale is \$79—and that means far below wholesale for suits of such beauty. No matter which group you choose—\$49, \$59 or \$79—you're sure of a deep saving.

Twenty of the Many Beautiful Styles Were Drawn From Actual Garments

—The total purchase included about fifty different styles—the newest, the smartest for Fall and Winter. There are suits of every color, and a choice of practically every style idea advanced for the new season. It's the most exceptional value selection ever shown here, particularly of prices that offer such deep savings.

Fifteen Wonderful Fabrics

COLUMBIA GRAPHOPHONE COMPANY, New York

SERIES OF HOUSE THEFTS REPORTED

Jewelry and clothing of considerable value and money were taken from the home of F. Johnson, 4342 Leach avenue, when burglars jimmed a rear window and ransacked the place.

A tailor shop at 1010 Broadway was looted of half a dozen suits of clothes with a loss approximating \$500.

A family heirloom was stolen among other jewelry and clothing from the home of W. H. Phillips, 2119 Chestnut street, when pass key thieves gained entrance to the Phillips home.

The homes of Mrs. Irwin Craig, 580 Spruce street; William Connelly, 1718 Thirteenth street; Maloon R. Hays, 3151 Park boulevard; A. Bertola, 1482 Twelfth street; and Antonio Castro, 312 Henry street, were looted, according to their complaints to the police.

Edward M. Jorgensen, 584 Tenth street, was robbed of \$170 by pickpockets at Tenth and Grove streets. A quantity of jewelry and money was stolen from the homes of Mrs. J. B. Donaldson and Mrs. J. E. Leve, 4328 Leach avenue, they complained to the police.

Aroused by the unusual number of burglaries, the police department is making plans for a concerted campaign against such thefts. An organized band of housebreakers is believed responsible.

PERSHING AND SIR ARTHUR ARE DINNER GUESTS

NEW YORK, Oct. 8.—Two comrades of the world war met again here last night. General Pershing and Sir Arthur Currie, who commanded the Canadian expeditionary forces in France, were guests at a dinner given by New York graduates of McGill University.

"When last we met," said the American general, "it was on a battlefield and we ranked equally. Now I'm still just an ordinary general and my friend is president of a university."

"I predict the same success for him as university president he achieved as commander of the Canadian forces."

SPANISH DUKE WEDS
LONDON, Oct. 8.—A wedding of great interest in social and court circles occurred today at the Spanish embassy when the Duke of Alba married the Marquess San Vincente del Empress Eugenie, of whose eldest daughter, the Duke and Duchess of Alba of Spain, Cardinal Bourne, the Archbishop of Westminster, officiated. The wedding was private, because the Duke of Alba is in mourning for the late Emperor of Mexico, of whose eldest sister he was a grandson.

Dublin Castle Gives List Of 'Offenses' Against Crown

DUBLIN, Oct. 8 (By the Associated Press).—Dublin Castle today gave out a list of outstanding "offenses" from January 1 to the week ending October 2. It was accompanied by the statement that it was "a significant fact that for all the murders and shooting of police the number of perpetrators apprehended could be counted on the fingers of one hand."

MORE ACCUSED IN BUILDING GRAFT

SAN FRANCISCO, Oct. 8.—Concluding their exhaustive investigation of charges brought against "inner ring" members of the Team and Auto Truck Association the county grand jury has brought three more indictments against local workers.

The men are Peter Montague, Arthur Granfield and Peter Gordon, against whom accusations of having conspired to violate the Cartwright anti-trust law were brought, following the return of grand jury true bills against five others of their number.

With the reported result of the action of the county body, officials of the San Francisco Building Trades Council issued a statement, declaring their intention of offering fullest support to District Attorney Brady in his efforts to strengthen up alleged fraudulent conditions.

LEAGUE OR WAR

BOSTON, Oct. 8.—Henry Morgenthau, recently appointed ambassador to Mexico, but whose appointment has not yet been confirmed by the Senate, speaking last night before the National Federation of Religious Federals, said that "if the United States does not enter the League of Nations, but keeps a free hand, it will mean war with Mexico inside of a year."

COURTHOUSES DESTROYED

The list of offenses follows: "Courthouses destroyed, 63; Royal Irish Constabulary barracks destroyed, 504; Royal Irish Constabulary barracks damaged, 165; raids on mails, 645; raids on coast guard stations and lighthouses, 45.

"Raids for arms reported, 2075 (many of these raids do not come to the knowledge of the police); police killed, 199; police wounded, 174; soldiers killed, 16; soldiers wounded, 61; civilians killed, 27. These figures do not include the casualties in the Easter riots in July and September."

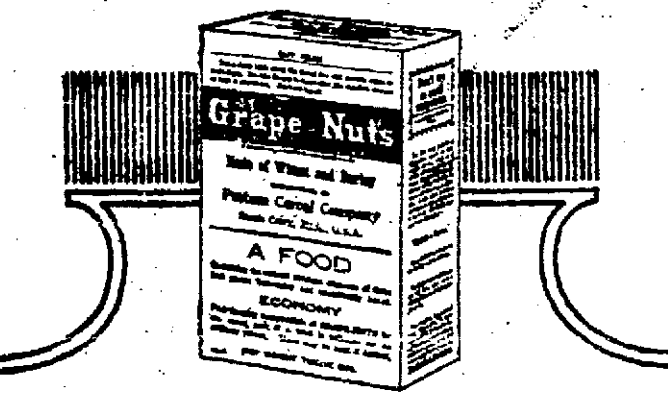

Coincident with this announcement the Sinn Fein Irish Bulletin publishes the details of attacks on 58 police barracks up to September 26, of which buildings, it is stated, twelve were captured and two destroyed during fighting, while 44 successfully resisted attacks. In the twelve barracks captured 51 police were made prisoner, disarmed and subsequently released without injury.

SEVEN SENTENCED

"Seven men alleged to have taken part in attacks," the Bulletin continues, "were captured, tried by court-martial and sentenced to long terms of penal servitude."

The Bulletin adds that in addition two civilians were murdered as a reprisal, and the town of Trim was burned. It asserts that the object of attacks on barracks was to secure arms for Ireland to defend herself.

The Bulletin says the police casualties in these attacks were 3 killed and 33 wounded, and five attacking parties lost 7 men killed and 47 wounded.

WAR OVER DITCH WATER AVERTED

The city of Oakland came near being one of the valued members of its payroll yesterday by the shot.

The shotgun discharge, from which there can be no appeal to civil service, was aimed at an employee of the city who was in the act of shooting a small animal in East Oakland.

The result was that water was flowing all over the street. The superintendent of the city's street laborers ordered one of the city's street laborers to open it.

The owner of the land along the ditch said he didn't want that ditch running and ran for his gun.

The laborer got into touch with the board of strategy of the street department and was advised that he would have police protection if necessary. Peace followed.

Livermore Crowd Hears Shortridge

LIVERMORE, Oct. 8.—Samuel M. Shortridge, Republican nominee for U. S. Senator, addressed a good sized crowd of people at an open air meeting yesterday afternoon at the town square. He spoke for nearly an hour and declared himself opposed to Asiatic immigration and the League of Nations. He said he was in favor of a tariff to protect American industries from the competition of cheap foreign labor and protection for American citizens in Mexico or other foreign countries.

New Postoffice Is Planned by Citizens

An open forum at which the project for a new postoffice building in Oakland, a new Southern Pacific depot at Fourteenth and Franklin streets and a new lighting system for the main streets, has been announced by the Citizens' Association for its members on Monday night in the Key-Route Inn. The annual report of George E. Shelden, secretary, will be presented. Progress in cleaning the district by the wrecking of old shacks will be shown. All persons interested are invited to attend.

S. F. Nurses Home to Graduate Monday

Commencement exercises of the class of 1920 in the School of Nursing at Providence hospital will be held in Knights of Columbus hall, Fourteenth and Grove streets, on Monday night. An informal reception and dance in compliment to the graduates will follow. Providence Hospital Alumnae Association will be the hostesses. Several hundred cards have been issued for both events.

DAYLIGHT HOLD-UP

CHICAGO, Oct. 8.—Two bandits, slipping from an automobile today, put revolvers to the head of Frank J. Shicks and \$1000 in currency. The robbery occurred in full view of passing crowds at West Thirty-first street and South Ashland avenue.

PORTUGAL IS QUIET

WASHINGTON, Oct. 8.—Unofficial notices to the state department today declared that reports of a revolution and general strike in Portugal were erroneous.

BRADFORD TELLS STANFORD CO-EDS NOT TO SMOKE

STANFORD UNIVERSITY, Oct. 8.—Smoking by the young women who attend Stanford University has been strictly under the ban, Dean Bradford last night called a meeting of inmates of Roble hall and informed them that women are known to have been smoking in rooms as well as off the campus and has announced that it must stop in both cases.

At the end-of-the-year sale of co-eds' clothing and belongings last term a silver cigarette case mingling on a bargain counter with a one-piece bathing suit caught the eye of Dean Bradford. He admitted that in the past she may have napped, not having promissed the halls in quest of suspicious scents. However, the girls were told that in the future her vigilance and that of the house-mother, Miss G. M. Gardner, would be concentrated on the business of seeing that the habit is stamped out.

Catarrh

Quickly Ended by a Pleasant Germ-Killing Antiseptic.

The Little Hyomel Inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler pour a few drops of magical Hyomel.

This is absorbed by the antiseptic and is now ready to breathe it in over the germ-infected membrane where it will speedily begin its work of killing catarrh.

Hyomel is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to end catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed-up head in two minutes.

HYNES-IS NAMED TO DEBATE HAGAN

Former District Attorney W. H. L. Hynes will appear at the Auditorium tonight in a debate with City Attorney Hagan on the desirability of limiting the powers of the Civil Service Board, according to an announcement today from the city attorney's office.

It was first announced that John S. Chambers, head of the Civil Service Board, would debate with Hagan, but Chambers said his name was used without his authority.

"Let 'em debate," said Chambers. "As chairman of the Civil Service Board, however, I do not feel it incumbent upon me to enter the debate. I have made no announcement that I would speak or even attend."

According to the latest bulletin, Hynes speaks in favor of giving the Civil Service Board its present power, and Hagan will argue against it.

DOG POPULATION IS HELD MENACE TO CITY'S PEACE

Surpassing even spite fences and boundary disputes as causes for neighborhood rows, Oakland's dog population causes more heart-burnings than any other single element in the city, not even including the municipal greaser.

This is the assertion of Dr. Kirby Smith, health officer, as the result of a general survey on dogs and the health and happiness arising therefrom. Smith has received reports on the actions of mad and other dogs for the last two years, and finds that while Oakland dogs do not often go mad their owners constantly do, and on account of the dogs.

"If every dog in town were eliminated," said Smith, "the peace of the city's population would go up with a great jump. I am a fancier of dogs, but they don't belong in a great city. They tear up neighbors' lawns, trespass on neighbors' chicken coops, bite unsuspecting neighbors, and start too much trouble between their owners and other folk that they are a general bone of trouble."

While there are no statistics, it is believed that about 25,000 neighborhood rows have started because of canine pets during the past year.

Places, and the Sinn Fein's knowledge of the movement of troops, the collapsible aerial which Sinn Fein is employing can be quickly set up and as quickly taken down.

Y. W. C. A. Opens for Colored Members

The colored branch of the Young Women's Christian Association is to be formally opened at its headquarters, 823 Linden street, Sunday afternoon. Representatives of the Federation of Churches and from the Federated Women's Clubs will speak, followed by representatives from the field committee and board of the Y. W. C. A. Miss Alice M. Brookman, executive secretary of the association, and Miss Z. O. Stratton, executive of the colored branch, will outline the hopes and plans for the fall and winter work. Among the hostesses on this occasion will be: Mrs. J. J. Valentine, president of the association; Mrs. N. A. Koser, chairman for the colored branch; and other members of the board of directors. The opening of this branch is the culmination of a year's active and earnest effort, and will fill a great need in the lives of the young people in that neighborhood. There are three active clubs already in existence and many more will be formed.

The committee in charge, under the leadership of Mrs. Koser, includes: Mrs. A. M. Smith, chairman of the house committee; Mrs. Willie Henry, chairman, extension work; Mrs. Melba Stafford, chairman, finance committee; Miss Lavina Carey, chairman girls' work; Mrs. R. E. Wells, chairman, religious work; and Mrs. Iva Gray, chairman, membership committee.

John Henry Wise Is Struck by Auto

SAN FRANCISCO, Oct. 8.—Little hope was held out today for the recovery of John Henry Wise, 91, former collector of the port, who sustained serious injuries when he was run down by the unidentified driver of a large automobile at the intersection of Turk and Market streets. The aged man was rushed to St. Mary's hospital, where attaches declared he had suffered a fracture of the thigh and probable serious injuries.

CHILE HAS NEW PRESIDENT

SANTIAGO, Chile, Oct. 8.—Aureo Alessandri of the Liberal Alliance, was today proclaimed president of Chile for the period 1920-23 by the joint session of congress. He will be inaugurated December 23.

Sailor Risks Life to Land From Ship

SAN FRANCISCO, Oct. 8.—S. Imodo, a Japanese sailor on the steamer Tatum, risked his life early today to become a resident of California, but failed to accomplish his purpose after narrowly escaping death.

Imodo slipped over the side of the vessel on a rope early this morning and struck out for shore. Becoming confused in the darkness and unable to buck against a tide, the Japanese lost his bearings and became exhausted. His cries attracted the attention of wharfingers, who pulled him from the water as he was about to sink. He was returned to the Tatum after being resuscitated at the Harbor hospital. He said he wished to remain in this country and had tried to dodge the immigration authorities.

To Have Curly, Wavy Hair Like 'Nature's Own'

Women who have trouble keeping their hair in curl, or of securing the desired wavy effect—and especially those who realize the harm that the hot iron does to the hair—will do well to try plain liquid alimetine. In no other way can they acquire such pretty waves and curls, having all the appearance of "Nature's own." And the hair, instead of being singed, ragged or dead looking, has such a lively lustre and wholesome beauty.

If one will get a bottle of liquid alimetine at any drug store and follow the accompanying directions, she will be simply delighted with the result. This product is of course perfectly harmless and there is nothing sticky, greasy or unpleasant about it. The hair will be quite manageable, no matter in what fashion it is done up.—Advertisement.

PIGGLY WIGGLY

ANNOUNCES

The Opening of a New PIGGLY WIGGLY Store

Tomorrow, (Saturday, Oct. 9th) at 530—15th St., Dalziel Bldg.

A CARNATION FREE TO EACH VISITOR

You will be welcome and you will not be asked to make a purchase. Nobody is ever asked to do that in a Piggly Wiggly Store.

A carnation will be given you as an expression of our pleasure in seeing you.

Three years ago the first PIGGLY WIGGLY store was opened in Memphis, Tennessee. Today PIGGLY WIGGLY stores are in actual operation in one hundred and fifty-three cities. Nearly every day a PIGGLY WIGGLY store is opened, either in a new town, or a link is added to the chain in some city.

WHY THIS PHENOMENAL GROWTH AND SUCCESS?

The same answer applies to the growth and success of the locomotive, telephone, the reaper, the typewriter, the typesetting machine---they are all economic advances.

It is the old story---the man who can make with the same energy in the same length of time two blades of grass grow where one grew before, has a greater value to society.

PIGGLY WIGGLY is different from any other store in the world and looks different, and throughout its four aisles, each running parallel with the other, the customer sees on either side a display of nationally known merchandise of the best of each food product assortment. Each customer is loaned a basket for use while in

The same is true of the man who sells. The man who can sell one hundred pairs of shoes in a day is one hundred times more valuable than the man who can sell only one pair of shoes in a day.

In a PIGGLY WIGGLY store one hundred people can be served in the same time that it would take to serve ten people in any other store.

The PIGGLY WIGGLY system saves not only time, but it saves money, energy and health.

PIGGLY WIGGLY is the best and cheapest method for the distribution of food products ever devised.

By eliminating delivery and telephone charges, bad accounts and sky-blue salesmanship, it is possible to reduce prices and the customer is given the benefit.

the store. A Swinging Price Tag hanging opposite each article tells its price in plain figures.

The customer selects of his own choosing, not being persuaded to buy or not to buy by any person; not even a recommendation is made as to what to buy.

SUPREME COURT CONTROL SENATE AIM, COX CLAIMS

By HARRY L. ROGERS.
International News Service Staff
Correspondent.

SEN. ROUTE WITH GOVERNOR
COX, PADUCAH, Ky., Oct. 8.—Ab-
solute control of the Supreme Court
of the United States, of Congress and
the presidency is the stake for which
the senatorial oligarchy is playing,
Governor James M. Cox charged in
his speech here today.

"Four supreme court judges are
likely to be appointed during the
next presidential administration,
Governor Cox pointed out, and in-
sisted that "it would naturally fol-
low" that Senator Harding, if elected,
"would appoint reactionary mem-
bers" thus binding the country to
reaction for the better part of a
generation."

"It is a simple matter for the peo-
ple to make a change in the execu-
tive and legislative branches of the
government," the governor contin-
ued, "but not in the judicial. As I
see it, this is the real danger of a
reactionary victory, next to the
stripping of the league of nations."

"By the nomination of one of its
own members as the reactionary
candidate for the presidency, the
senate now has the opportunity of
annexing the executive department.
If the senatorial ring should win the
election it would, in addition to con-
trolling the president, also possess
the constitutional right of confirma-
tion of members of the supreme
court appointed by the president."

"The senatorial crowd is playing for
big stakes, which are no more nor
less than absolute control of the
three constitutional branches of our
government. No president of the
United States will appoint anyone
that he deems unworthy of a place
on the highest court of the land but
we must be reminded that the sena-
torial nominee for the presidency has
the right to apply its check in the
theory of plural government which
means that he will not only confer
with the group around him but that
this same group has the constitu-
tional right to apply its check if
the president showed signs of in-
dependence."

"MULLEN GETS DECREE
SAN JOSE, Oct. 8.—G. O. Mullen,
former army lieutenant, was
granted a final decree of divorce to-
day from Olga Mullen. Mullen ac-
cused his wife of cruelty and desert-
ion of the company is that while it
attorney, appeared for Mullen."

"The candidate also declared his
opposition to wholesale pardons for
political prisoners, and reiterated his
faith in the practice of deporting
undesirable aliens."

"Somebody there are those so
zealous for law and order," he said,
"that their words and acts in behalf
of our institutions constitute in
themselves, a serious breach of our
laws and an offense to our social
sense of what is fair and right and
just. Then the self-termed devotees
of law and order themselves become
unlawful to our peace."

Again assailing President Wilson
for his insistence on repeal of the
Panama canal tolls law, which gave
free passage to American ships, Sena-
tor Harding declared he wanted to
see the nation decide its own com-
mercial course without dictation
from abroad.

"DENOUNCES ARTICLE X.
Referring to the league of nations
he said: "Somebody wants to know
whether I'm in accord with Senator
Borah and whether I've agreed with
Senator Johnson to 'scrap' the
league." It doesn't matter whether
I'm in accord with Senator Borah
or not. As a matter of fact, I'm not
precisely in accord with him, but as
president of the United States I'll
be in one position or another. Sena-
tor Johnson and I don't try to
control any senator."

Harding Urges Nation Stay Out of Versailles League

OMAHA, Neb., Oct. 8.—On the
farthest westward swing of his cam-
paigning, Senator Harding urged to-
day that the nation stay out of the
Versailles league of nations alto-
gether and reject the obligations of
the league covenant.

Declaring that clarifying reserva-
tions never would meet the require-
ments of national security, the Re-
publican nominee put before the
voters of Iowa and Nebraska a di-
rect issue of accepting or declining
membership in the league.

"I do not want to clarify those
obligations," he said. "I want to
turn my back on them. It is not in-
teresting but rejection that I am
seeking. I understand the position
of the Democratic nominee and he
understands mine. In simple words,
it is that he favors going into the
Versailles league and I favor staying
out."

The senator's declaration on the
league was made at Des Moines, and
later was repeated in varied form at
several smaller Iowa cities and at
Omaha. In sixteen speeches during
the day, he also restated his position
on various other issues of the cam-
paign, and during his address there
devoted a half-hour to a plea for
enforcement of law without "ter-
rorism" or oppression.

In both Des Moines and Omaha
thousands cheered the nominee
through the streets and thousands
more turned out to see him during
the day as his train crossed Iowa. He
left his private car to make prepared
addresses only in the Iowa capital
and here.

"TELLS POLICIES.
At the Des Moines meeting the
nominee carried on a colloquy with
several men in the crowd who asked
him questions about international
policies. In the course of the discus-
sion, which kept the big hall for a
time in confusion, he outlined his
position on the league question, de-
clared American soldiers in Ger-
many should be brought home as
quickly as possible, asserted his be-
lief that no separate peace with
Germany would be necessary and de-
clared the nation would be guilty
of "the grossest dishonesty" if it as-
sumed the obligations of the league
and then refused to furnish troops
at the league's call.

Flogging himself to law enforce-
ment, the senator warned in his
speech hee tonight against over-
zealous law and order crusades and
against "the iron hand of carism"
in the methods of those in author-
ity. By being "a little more gen-
erous," in his attitude toward min-
orities, he said, the government could
help to quiet discontent and to keep
the agitator within bounds.

The candidate also declared his
opposition to wholesale pardons for
political prisoners, and reiterated his
faith in the practice of deporting
undesirable aliens."

"Somebody there are those so
zealous for law and order," he said,
"that their words and acts in behalf
of our institutions constitute in
themselves, a serious breach of our
laws and an offense to our social
sense of what is fair and right and
just. Then the self-termed devotees
of law and order themselves become
unlawful to our peace."

Again assailing President Wilson
for his insistence on repeal of the
Panama canal tolls law, which gave
free passage to American ships, Sena-
tor Harding declared he wanted to
see the nation decide its own com-
mercial course without dictation
from abroad.

"DENOUNCES ARTICLE X.
Referring to the league of nations
he said: "Somebody wants to know
whether I'm in accord with Senator
Borah and whether I've agreed with
Senator Johnson to 'scrap' the
league." It doesn't matter whether
I'm in accord with Senator Borah
or not. As a matter of fact, I'm not
precisely in accord with him, but as
president of the United States I'll
be in one position or another. Sena-
tor Johnson and I don't try to
control any senator."

"Senator Johnson and I haven't
spoken about 'scrapping' the league.
It's already been 'scrapped' by Sena-
tor Johnson and his chief agent was
your neighbor and friend, Senator
Gilbert M. Hitchcock."

"Somebody says: Are you going to

DUMMIES USED IN HOING COX FUND IN OHIO CAMPAIGN

DAYTON, Ohio, Oct. 8.—Use of
dummies to conceal the source of
contributions to a \$37,000 campaign
fund used in the gubernatorial elec-
tion of Governor Cox, Democratic
presidential candidate, in 1916, was
charged in testimony yesterday
before a senate sub-committee com-
posed of Senator Pommeroy, Demo-
crat, Ohio, and Senator Edge, Re-
publican, New Jersey.

Though the inquiry primarily was
to ascertain the source of the pro-
ceeds of a \$5000 note alleged to have
been given by Governor Cox, Au-
gust 18, 1917, to the City National
Bank of Dayton, and paid by the
Dayton Metal Products company,
June 29, 1919, as well as why the
Dayton Metal Products company
paid the note, the committee tonight
had proceeded no further in that
direction than to establish the ex-
istence of the note and the check
given in payment. They were in-
troduced in evidence and identified
by Walter Davidson, vice-president
of the bank.

"DONATIONS REVEALED
Through Adam Schantz, a mem-
ber of the Dayton Flood Prevention
committee, and also through testi-
mony of Marvin Scudder, New York
accountant, it was brought out that
Colonel E. A. Deeds, H. E. Talbot,
F. Kettering, Schantz and Walter
Kiddier, who each gave \$7000, and
F. M. Tait, who gave \$2000, a \$37-
000 fund had been subscribed to
help re-elect Governor Cox, as
Schantz expressed it, "for the pur-
pose of preserving the law (con-
servancy law) through Governor
Cox."

This money, they testified, had
been turned over to Schantz, who
said he had given \$21,000 to the
committee, and also through testi-
mony of Marvin Scudder, New York
accountant, it was brought out that
Colonel E. A. Deeds, H. E. Talbot,
F. Kettering, Schantz and Walter
Kiddier, who each gave \$7000, and
F. M. Tait, who gave \$2000, a \$37-
000 fund had been subscribed to
help re-elect Governor Cox, as
Schantz expressed it, "for the pur-
pose of preserving the law (con-
servancy law) through Governor
Cox."

"DUMMIES USED
Certified copies of expense state-
ments filed with the secretary of
state under the corrupt practices
act, which were introduced in evi-
dence, showed the law given re-
ceived a total of \$12,600 and spent
\$12,663.73; the second to have re-
ceived a total of \$2800 and to have
spent \$3,191.50, and the latter to
have received a total of \$10,800 and
to have spent \$10,780.33. Schantz,
however, did not appear as a con-
tributor to any of the three funds,
the contributions being listed as
including local county Democratic
leaders.

On February 3, 1916, Schantz
testified, the Dayton Flood Preven-
tion committee of which he was a
member held a meeting and voted
unanimously to pay \$23,242.50 to a
number of "dummy" employees,
who in turn paid the money back to
him personally, and he in turn re-
imbursed the original donors, Deeds,
Talbot, Kettering, Kiddier, Tait and
himself in proportion to what they
had given to the campaign fund.

"What's the difference? What's
the matter with the league? One
thing—and one thing only—the
Democrats were responsible for the
teeth in it," declared Vice-President
Thomas R. Marshall in an address
here last night.

"HAYS FURTHER SUGGESTS
"We make an effort in some way to
ascertain and advise the country
just what the President promised
Europe that this country would do,
which may not be in the text of
just what this was, and let us give
that to the country also. Governor
Cox has promised to make good
these pledges, whatever they may
be."

Shortridge Tells State's Need of Protective Tariff

California's vital interest in a pro-
tective tariff measure to take the
place of the Underwood act was em-
phasized here last night by Samuel M.
Shortridge, Republican candidate for
governor, who declared that the tariff
fresh from a tour of the State, de-
clared that the horticultural, agricul-
tural and industrial prosperity of
California demanded tariff protection
and that otherwise certain industries
were faced by ruin.

The League of Nations was scored
as one that would bind this country
to act for the territorial ambitions of
others, and would prevent the
United States from lending a helping
hand to another country that might
be desirous of independence.

"The people of America," said
Shortridge, "are weary and sick of
Wilsonianism and they do not propose
to continue under his Lullabyan suc-
cessor. If there is one State in the
Union whose industries demand pro-
tection that State is California. If
there is one issue of prime impor-
tance that issue is an American pro-
tective tariff, and this despite the
statement of the peanut-headed man
who is running for vice-president on
the Democratic ticket."

The speaker described visits to
various sections of the State, to the
lensons country where the growers
are facing ruin because of the
lemons and being sold lower than
they may be grown here and brought
the tariff issue directly home.

"OTHER INDUSTRIES HIT
"What is true of the lemon indus-
try," he said, "is true of the bear
crop, the walnut, rice, sugar beets,
cotton and wool. It is not only the
agricultural and horticultural in-
dustries but the great manufacturing
industries are threatened. Oakland
becomes one of the greatest manufac-
turing centers of the Pacific Coast and
the ships built here may carry the
commerce of the country unless the
Democratic party is allowed to nullify
the laws of the republic."

"It is only to the Republican party
that we may look for relief. With
the candidate for Congress in this
district a protection man, with my-
self a protective tariff man, and with
Hiram Johnson a protective man,
California's interests will be pro-
tected."

Shortridge produced newspaper
articles to show how he had warned
of the dangers of Asiatic invasion as
early as 1901.

"Harding will set about to nego-
tiate a treaty with Japan," he said,
"for it is prudent and wise to nego-
tiate a friendly treaty. If she refuses,
then, we shall exercise a constitu-
tional right to say no and she shall
not enter this country, we will
pass an exclusion act."

"It is our sacred duty to preserve
the absolute sovereignty and integrity
of the United States. We have no
right, even if we have the power to
surrender the independence of the
land into the keeping of selfish and
ambitious diplomats sitting in
Geneva, or over yonder in Japan. Dis-
guise or conceal it as you may, the
purpose of the League of Nations
is to abandon the American doctrine
of neutrality."

"GILLET SPEAKS
Former Governor James N. Gil-
lett, who spoke in place of Governor
William D. Stephens, was the first
speaker and read figures to prove
Democratic extravagance and neg-
lect. "The apparent apathy of the
campaign," he said, "is explained by
the fact that more than a year ago the
people made up their minds they had
enough of Democracy and planned to
defeat it this November. The whole
thing was settled back there. From
a party boasting of its democracy it
has dwindled to one man who boasts
of autocracy."

Gillett told of the presidential vote
of the budget plan and declared that
one of the first acts of a new Re-
publican Congress would be to pass
a bill for a national budget. Of the
tariff question he said:

"The world is upset and rehabili-
tating itself. The big nations are in
debt, they must pay these debts, they
must start in to manufacture. Where
is their market? They cannot sell to
themselves because they haven't the
money. It is to our market that they
are looking. If we have no protec-
tive tariff to protect our factories
and workmen, those factories will go
out of business."

"DENOUNCES LEAGUE
The foreign manufacturers will be
speaking."

"HAYS FURTHER SUGGESTS
"We make an effort in some way to
ascertain and advise the country
just what the President promised
Europe that this country would do,
which may not be in the text of
just what this was, and let us give
that to the country also. Governor
Cox has promised to make good
these pledges, whatever they may
be."

Alleged Text of Promise of Wilson to Rumania Is Given

NEW YORK, Oct. 8.—The Tribune this morning prints what it claims is an official copy of French proceedings of the peace conference on May 31, 1919, wherein it is stated President Wilson promised military aid to Rumania and Serbia. In its narrative the Tribune says:

"It is recalled that the President's remarks resulted from protests by Premier Bratianu of Rumania against the treaty with Austria, which was under discussion. The Rumanian objections were answered first by Clemenceau and then Bratianu rejoined. In the discussion which resulted Ignace Paderewski of Poland, Dr. Kramar of Czech-Slovakia, and Dr. Trumbitch of Jugo-Slavia (Serbia), stated the attitudes of their governments. Finally, President Wilson took the floor, and in reply to the Rumanian premier's plea for protection, assured Bratianu that in case of need the United States will send to this side of the ocean its army and navy."

RECORDS ARE IN FRENCH.
"President Wilson spoke in English. The minutes were kept in both English and French. Retranslated into English, President Wilson's statement reads:

"If the world finds itself troubled anew, if the conditions which we all regard as fundamental are again drawn into question, the guarantee which is given to you will mean that the United States will send to this side of the ocean their army and their navy. Is it surprising, in these conditions, that they (the United States) should want to reach a settlement of the diverse problems which will seem to them entirely satisfactory?"

STENOGRAPHIC RECORDS.
"The abstract in the Tribune's possession, typewritten after the official stenographic record, occupies 28 pages. Of this, President Wilson's address covers half the page 21, pages 22 and 23 and five-sixths of page 24. It is followed by the reply of Premier Bratianu of Rumania."

The President's words were brought out by Bratianu, who, after complaining that the Rumanian delegation had not had even 24 hours to examine the text of the treaty handed them the previous evening, submitted a series of documents marked annexes A, B, C and D, explaining Rumania's attitude toward the stipulated guarantees of minority rights and the proposed treaty in general. Annex B summarized Rumania's objection to the clauses concerning the treatment of national minorities. The document said in part:

"... Rumania has assured complete equality of the rights of political and economic liberty to all her citizens, without distinction as to race or religion. In a general sense Rumania is prepared to accept in this matter all dispositions whose validity all the states adhering to the

League of Nations will acknowledge for their respective territories. On no other terms can Rumania admit, in any case whatsoever, intervention by foreign governments into the administration of her domestic laws."

REPLY OF PRESIDENT.
"The President's reply, retranslated from the official French text into English, reads in part:

"The allied and associated powers will guarantee the maintenance of the conditions upon which we shall agree, conditions as just as possible. It will be they who will have to assume the obligation and the burden; it is upon them that the responsibility will primarily rest, just as, by force of circumstances, they have made the greatest effort during the war, and it must not be forgotten that it is force which is the ultimate guaranty of public peace."

"If you want that the principal allied and associated powers should guarantee the very existence of your states, it is reasonable that they should be satisfied as to the conditions which they adjudge as indispensable for eliminating future causes of war?"

"How could the Government of the United States face Congress and the American people and pretend that it had assisted in assuring the peace of the world if it believed that the settlement arrived at contains unstable and dangerous elements?"

PLEDGE IS GIVEN.
"If the world finds itself troubled anew, if the conditions which we all regard as fundamental are again drawn into question, the guarantee which is given to you will mean that the United States will send to this side of the ocean their army and their navy. Is it surprising, in these conditions, that they should want to repel a settlement of the diverse problem that will seem to them entirely satisfactory?"

"I hope that we shall reach—that is our goal—a cordial and voluntary co-operation on the only possible basis. What this basis is one must express in this fashion: It is by the side which has the power that the maintenance of world peace will be insured. It is in the side which has the power that the supreme guaranty of this peace will dwell."

The Tribune printed on December 3, 1919, in an article by Frank H. Simonds, a long abstract of the President's speech at the conference session. Simonds' copy was in English, having been translated from the French text. It said relative to the alleged promise of aid:

"If the world should be troubled again, if the conditions which we all regard as fundamental are challenged, the guarantee which will be given to you will mean that the United States will send its army and fleet across the ocean."

Piedmont to Celebrate Fire Prevention Day

PIEDMONT, Oct. 8.—Citizens of Piedmont are urged to observe Fire Prevention day in the following proclamation which was issued today by the board of trustees:

"Acting under direction of the board of trustees, pursuant to the proclamation of the Governor of the State, I hereby earnestly request the citizens of Piedmont to observe Fire Prevention day, October 8, 1920, as Fire Prevention day. Through the efforts of our fire department, assisted by the Junior Fire Prevention bureau, Piedmont holds the proud distinction of attaining second place in the recent fire contest between 110 western cities for fire prevention, covering the first six months of this year. There is no reason why Piedmont should not be the next contest. By observing a few simple rules to which our attention has been many times directed we can accomplish this."

Free Verse Plays Acted by Puppets

BERKELEY, Oct. 8.—Alfred Kreyenborg, free-verse writer, presented at Wheeler hall last evening his latest play, "Monday." "Lima Beans," the first of his free verse plays to win recognition, was repeated. The third on the program was "Jack's House," described as a cubic play for primers.

The plays were interpreted by puppets operated by Mrs. Kreyenborg.

Young Man Is Killed by Runaway Motor

SAN FRANCISCO, Oct. 8.—Daniel H. McMillan, 20-year-old son of Robert McMillan, of 438 Fifteenth avenue, late yesterday lost a race for life with the automobile which had started rolling down a steep hill when he attempted to climb it, when it caught up with him after a 100-foot dash and crashed with the boy into a telegraph pole. McMillan's skull was crushed. The tragedy occurred on the Masonic avenue hill.

Punch Boards Under Ban in Contra Costa

Piedmont Highway Will Be Improved

PIEDMONT, Oct. 8.—The board of trustees last night authorized the street department to start work on repaving scenic avenue with oil macadam. Reports of street department work covering the repair and repaving of certain streets was also presented to the trustees.

The trustees formally approved the lease of the city buildings in Piedmont park to the school board for use as a temporary high school at a yearly rental of \$1000 for the ten-month school term.

Harzfeld, Editor of Stanford Chaparral

STANFORD UNIVERSITY, Oct. 8.—Arthur J. Harzfeld of San Francisco was today rewarded for three years' work on the Stanford Chaparral, the university comic, when he was elected editor of that magazine for the coming year. He succeeds W. H. Hall of San Mateo, who was unable to return to college this year.

PITCHER CUTS WOMAN.

ALAMEDA, Oct. 8.—Mrs. Anna Williams of 943 Taylor street, suffered a badly cut wrist last night, when a pitcher which she was washing, broke.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

BUSINESS LACK CLOSES SHIPYARD

SAN FRANCISCO, Oct. 8.—In-
sufficient business to warrant the
 upkeep of their two large shipbuild-
 ing plants was given as the reason
 for disposal of the Schaw-Batcher
 works to the highest bidder, in a
 statement made today by the con-
 trolling organization, the Western
 Pipe and Steel company.

The latter company, it was ex-
 plained, directed both the activities
 of the Schaw-Batcher and the South-
 western Shipbuilding company at
 Los Angeles harbor. With the close
 of the war, building decreased to
 such a degree that for one organ-

ization to maintain the two plants
 was impractical, officials declare.
 The shipyards in the south, it was
 also said, were originally intended
 to continue as a permanent firm,
 while the northern yards were
 erected by their owners as a neces-
 sary war measure. During the war
 period, the Schaw-Batcher plant
 produced eighteen fully equipped
 vessels.

Bids on the local works will be
 received at the office of the Western
 Pipe and Steel company, 444 Market
 street, until noon October 15.

MRS. VOLLMER GIVEN DIVORCE

Chief of Police August Vollmer of
Berkeley was today divorced from
Lydia Sturtevant Vollmer by Judge
Dudley Kinsell, who granted Mrs.
Vollmer the decree and the right to
resume her maiden name.

Four years prior to August 22,
1919, Chief Vollmer left his home
at 2188 Shattuck avenue and went to
live at the Elks' club to pursue his
studies. According to record the
couple married May 31, 1911, and
separated August 22, 1919.

The grounds on which the divorce
was granted was wilful desertion.

Ex-Kaiser and Wife Marriage Witnesses

AMERONGEN, Holland, Oct. 8.—
A romance of the stay of former
Emperor William of Germany in
Holland culminated yesterday in the
marriage of Captain, Sigurd von Ilse-
mann, his adjutant, to Countess Eliza-
beth Bentinck, daughter of Wil-
liam's host, at Amerongen.

The one-time emperor and his
wife were present at the official cere-
mony in the town hall, Augusta Vic-
toria here asking divine blessing on
the newly married couple. At the
public church ceremony, which the
royal exiles did not attend, Minister
Barbas said: "Through the fall of
an emperor this couple found each
other."

The former kaiser gave the bride
a Turkish carpet as a wedding pres-
ent.

There are no children and no al-
imony was asked.

ICE GROWERS FEAR PRICE CUT

CORONA, Oct. 8.—Rice growers of Butte, Sutter, Yuba, Glenn and Colusa counties are facing a serious situation because of a decline that threatens the market, according to representatives of growers, millers and wholesalers who gathered here for a conference that will be held today.

This was one of a series of conferences, the first of which was held in San Francisco. The crop last year in the Sacramento valley sold for about \$25,000,000 and urged by high prices the growers increased the acreage this season. Measures to induce the millers to refuse to drop prices below present quotations will be discussed at the meeting, it was said. If prices go lower the growers will face tremendous loss, according to prominent rice men.

Rain Forecast for Tonight and Saturday

Rain is probable tonight and Saturday throughout the State as far south as the Tehachapi and the result of a new disturbance, which has appeared off the Oregon coast, according to a forecast issued in San Francisco today by U. S. Forecaster G. H. Willson.

The storm which caused rain throughout Northern California early this week has moved east to Manitoba and has been followed by another depression which has appeared off the Oregon coast, causing cloudy weather over the northern portion of this district and rain in the western portion of Washington and Oregon and on the extreme northern California coast.

The forecast for the bay region is for unsettled weather, with the probability of rain tonight and tomorrow. The same prediction applies to the valley region and the northern section of the State, the only difference being a slight variation in the direction of the wind.

SPATS

SOILED spats just ruin the appearance of any costume. And they are so unnecessary. You can cleanse them at home—so easily—in such a few minutes—without shrinking or fading or discoloring—if you just use Ivory Soap Flakes.

Just pour warm water on a few of these quick-lathering flakes of genuine Ivory Soap—dip a soft brush in the suds—and gently brush off the soil. The wonderful Ivory suds moves dirt so quickly—and so safely, too, because it's pure and mild and harmless, as you always have known Ivory Soap to be. Use these flakes that you know you can depend on for keeping all your dainty things—silk, linens and wool—pretty and fresh as new.

Sugar Famine Held Blessing by Expert

SEATTLE, Oct. 8.—"The greatest blessing that could befall this country would be an absolute sugar famine. I do not favor pure foods, but natural foods, containing all the impurities nature put there," declared

Dr. Harry W. Wiley, noted food expert, for thirty years head of the United States bureau of chemistry, in an address here last evening. "If you are thin, thank God for it. A condensed milk baby looking like a cherub is in bad shape. If you can't count every rib in your child something is wrong with the child," he said.

WAR MOTHERS ORGANIZE AND NAME OFFICERS

War Mothers of Oakland, auxiliary to the War Mothers of California and America organized yesterday in the municipal auditorium, more than fifty women who sent sons and daughters into the service signing the charter roll. Mrs. C. J. Waterhouse, gold star mother, was elected president of the new post war group. With Mrs. C. E. Walsh, whose son was killed overseas first vice president. Other officers are Second vice-president Mrs. Charles D. Haines, recording secretary, Mrs. F. X. Mulhall, correspondence secretary, Mrs. Roy Young, treasurer, Mrs. Harriet L. Hawes, auditors, Mrs. Francis Van Horn, Mrs. M. F. Murray, Mrs. Ella Mitchell, parliamentarian, Mrs. O. J. Urtogave, historian, and Mrs. R. L. Thompson.

National and state officers were present to explain the purpose of the organization. Mrs. W. T. Harris, War Mother of San Francisco, known as the "Little Mother of Letterman Hospital" and leader in hospital service outlined the work which will be undertaken on behalf of the casualty men. The state women will devote particular effort to military and marine hospital work, the establishing of a large revolving educational fund and the upholding of the principles of justice and equality.

The movement to obtain for service men a federal and state bonus will be pushed. An active campaign will be launched upon the opening of congress in December. Departments in civil, Americanization, history, soldier and family relief, funerals are among those which will be immediately organized under the auspices of the group.

The apathy of the general public toward the service men particularly the men in the hospital, according to the leaders is responsible for the casual organization of the mothers.

"We want to assure ourselves that when these boys have become old veterans they will not suffer the things that have been reported in many of the soldiers' and marine homes," they declared yesterday.

Mrs. M. P. Murray acted as temporary chairman with Mrs. Mulhall the secretary.

WOMAN AUTHOR DISCERNs REAL GIRLS IN U. S.

CHICAGO, Oct. 8.—The old-fashioned girl, circumspect in talk, dress and manners, has been transplanted from staid England to Canada and the United States, according to Mrs. Samuel Barnett, English author and social worker, here today.

Two Bits Worth of Eggs, Worth 6 Months

SAN JOSE, Oct. 8.—Cresti Caruzzi, who was arrested on suspicion of being implicated in a series of robberies in the vicinity of Tuile road, was sentenced to serve six months in the county prison after he plead guilty to a charge of stealing 25 cents' worth of eggs.

Caruzzi is a resident of San Francisco and could give no satisfactory explanation for repeated visits in the neighborhood of the home of Frank Silva, who placed the egg stealing charge against the man.

The principles of justice and equality for service men a federal and state bonus will be pushed. An active campaign will be launched upon the opening of congress in December.

Departments in civil, Americanization, history, soldier and family relief, funerals are among those which will be immediately organized under the auspices of the group.

YOUNG ENGAGE
IN TESTY TILT**

The Board of Education, meeting last night, adjourned with Director Fred Campbell talking on salaries of teachers. Campbell made testy remarks about the disappearing board to which Director Young retorted by calling Campbell a "fool." Campbell replied with vigor, and kept up his remarks till the last member had fled.

It started when the board voted to bring the question of teachers' salaries up to the committee of the whole in executive session next Wednesday night.

"If there's anything to say, why not say it in open meeting?" asked Campbell.

"I move we adjourn," suggested Director Pease, and Campbell had the floor to himself.

The subject of half fares for school children was brought up, and General Manager W. E. Alberger's letter was read, stating why the Terminal Railways could not grant it without lessening the company's revenues. The board moved to instruct the City Attorney to take the matter up to the Railroad Commission.

Director Young, chairman of the finance committee, was instructed to find the cost of water now used by the schools, and the cost of installing pumping plants for the schools. Resolutions of regret at the death of Miss Ethel More were adopted.

Four Pairs Divorced; One Annulment Made
Four divorces and one annulment were granted by Judge Kinsell after reviewing the evidence taken before Court Commissioner Clarence Crowell today. Christian H. Kohlmoos, 709 Washington street, was given an annulment of his marriage to Bernice Anita Kohlmoos on the grounds that the marriage had never been consummated.

Those granted divorces were Astrid S. Goodwin vs. Newell N. Goodwin, desertion. Mrs. Goodwin lives at 3212 Broadway. Maud Smith, 1571 Fifth street, was granted a divorce from B. H. Smith; Jessie Armitage, Menlo hotel, was divorced from Percy C. Armitage; the photographer, Katherine Cannon of 1088 Seventy-first avenue, was granted an interlocutory decree from Milton R. Cannon and custody of Dorothy, 15.

DANCE IS ARRANGED.

Arrangements have been made by the young women of St. Francis de Sales parish for their dance in Knights of Columbus Hall at Grove and Thirtieth streets tonight. Miss Lucille Cain is chairman of the general committee.

**Girls of Elementary Schools
Will Hold Annual Play Day**

The annual Play Day for girls of the Oakland elementary schools will be held at Mosswood Park tomorrow. Over 500 girls from the 13 schools west of the lake will take part in competitive games, relay races and the yearly posture test. Girls from the schools east of the lake will hold their play day next week, Saturday, October 18.

The parade and posture test will open the program at 9:30 in the morning, after which the girls' triangle leagues will then play their final games in kick ball, liberty ball, long ball, volley ball, basketball and baseball.

Following a picnic luncheon, at which the girls will give their school songs and yells and entertain with stunts, a number of playlets based on events of pioneer history will be presented, and children from the primary grades will present a number of folk dances.

The following schools will be represented in the day's program: Bay, Campbell, Claremont, Clawson, Cole, Durant, Emerson, Grant, Harrison, Lakeview, Lafayette, Lincoln, Longfellow, Prescott, Santa Fe, Tompkins, Washington, Feralia and Piedmont.

HARRIS ACT APPROVED.
The following organizations this week have endorsed the Harris Act, which appears as No. 2 on the November ballot: Big Sisters of the Public Welfare League; Haight School Mothers' Club of Alameda; student body of Miss Barnard's Normal School; Women's Community Club of Seminary avenue.
